

The real spirit of coffee!

rijo H2O Xtra - Table Top

Stunning design and leading edge technologies combine to create the ultimate water dispenser. Waterlogic 4 is a unique innovation designed around the user, simple to operate. This is the future of drinking water.

Machine Characteristics

Capacity for 200 cups per hour

Smart design

Simple buttons with graphical icons

100% guaranteed bacteria free water

Compact – requires minimum space

User friendly

Drip tray overflow alarm

In-built leak detection system

In-built thermal overload protector

Machine exterior coated in Biocote – antimicrobial protection gives reassurance of total hygiene both inside and out

Water purification by carbon filtration - improves water taste by removing most contaminants, insecticides and pesticides. Also removes chlorine and water borne tastes or odours

In Tank UV - Harnesses the power of UV light for water purification. Features a UV lamp in the centre of the cold tank which destroys the growth of bacteria. Effective against all bacteria, including the more resistant pathogens, E. coli, Legionella, Salmonella, Hepatitis, and the poliovirus, among others

Models available: Hot & cold / cold only
